

Bonide® SNAKE STOPPER™ Snake Repellent

Bonide® SNAKE STOPPER™ Snake Repellent effectively repels snakes from around your home. Apply around homes, garages, barns, swimming pools, gardens, garden sheds, woodpiles, and other areas where snakes may be a problem. May be used in areas where children and pets play. Bonide® SNAKE STOPPER™ Snake Repellent is biodegradable and will not harm lawns, gardens, flowerbeds or other desirable plants when used as directed. Not for aquatic use. Do not apply directly to crops being grown for food or feed.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. Bonide represents that the ingredients qualify for exemption from registration under FIFRA.

HOW IT WORKS

The unique blend of ingredients in this product trigger escape/avoidance behavior in snakes. Snakes actually taste the air around them (via a receptor organ known as the *Jacobson's organ*), this product provides a powerful scent/taste repellent that snakes find unpleasant and which triggers a natural reaction to escape and avoid. Bonide® SNAKE STOPPER™ Snake Repellent does not harm snakes, it drives them away, naturally.

HOW TO USE

Perimeter/Barrier Treatment

Using the convenient dispenser cap on this package, lightly sprinkle a band 6 - 8 inches wide, next to and around the area you wish to protect. It is not necessary to completely cover the ground with product. One pound will treat a band 8 inches wide by 50 feet in length. If after 2 weeks no snakes have been observed, a **broadcast/maintenance** application may be made at the rate of 1 lb. per 100 sq. ft. Do not water in after application. Reapply product after heavy rains or every two weeks to obtain best results.

Endangered Species Considerations - Before using this product, consult with State or local wildlife authorities to ensure that use does not present a hazard to any threatened or endangered species. Where necessary, obtaining all required permits and licenses is the responsibility of the applicator.

User Precautions - Reminder: Some snakes are poisonous, **NEVER** attempt to pickup a snake unless you are properly trained, experienced and know which species you are dealing with. Handling wild snakes is best left to experts. Contact your local wildlife management office for further information.

FIRST AID

Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with plenty of water. In case of skin irritation, wash area thoroughly with soap and water. Seek medical attention if irritation persists.

STORAGE AND DISPOSAL

Store and transport in an upright position. Store only in original container, in a dry place inaccessible to children and pets. Do not reuse empty container. Discard empty container in trash.

OTHER PRECAUTIONS

Do not apply directly to water.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with label directions.
